

Solar Energy

SOLAR

Coming from the Sun

ENERGY

Another word for power. Energy makes things move. It makes machines work. Energy also makes living things grow.

SOLAR ENERGY (SUN POWER)

is light, heat, and other forms of energy given off by the sun. Solar energy can be collected and used to heat buildings and to make electricity.

Constraint

- A limitation or restriction
- Like a rule

Criteria

A list of requirements that must be met

Shelter

Shelters are what people and animals use to protect themselves from their surroundings. Shelters can keep living things safe from the weather, predators, and other dangers.

Prototype

A trial product or model built to test an idea or process to inform further design development

A model or small example of the real thing
